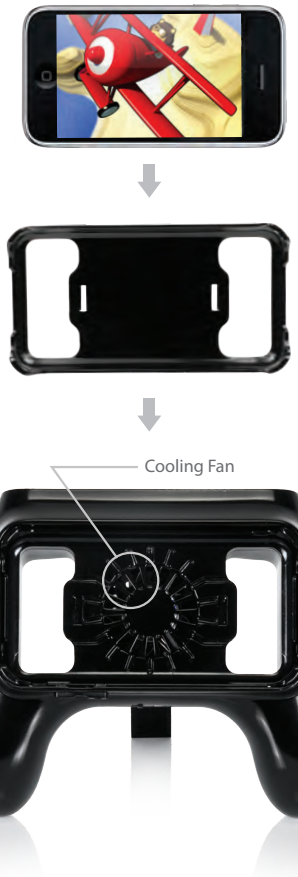
COOLING GRIP
with detachable leg stand
for the IPHONE® & IPOD® TOUCH

IP-CGF

4 Attachments Included



CTA Digital's iPhone® cooling grip with integrated fan keeps your valuable iPhone® from overheating during gaming. With extended use, mobile devices tend to heat up, lowering the longevity of your device. The Cooling Grip for iPhone® solves this problem. Racing cars, flying an airplane, riding a motorcycle, or jet skiing on your iPhone® or iPod® Touch has never been more fun. You can maneuver your way through those interactive iPhone®/ iPod® touch Apps with precision. This wheel gives the feel of driving a vehicle as you twist your iPhone® or iPod® Touch from side to side. Want a rest from gaming, you can prop the grip to stand by using the detachable leg to watch your favorite YouTube clips. Now you are ready to put the pedal to the metal and leave the competition in the dust!

Features Include:
- Cools the iPod® Touch/ iPhone® while in use
- USB Slot to charge USB powered Devices
- Supports 4 AAA batteries or Micro USB cable powered
- On/Off power switch
- Detachable leg stand
- Full accessibility to touch screen

Compatible with the following devices:
- iPhone® 3G, iPhone® 3GS
- iPod® Touch, iPod® Touch 2nd generation

**iPhone and iPod Touch not included*
